## **DETAILED ACTION**

### ***Response to Amendment***

1. Applicant's amendment after final rejection has been considered. Applicant incorporated previously objected but otherwise allowable subject into the independent claims. Therefore, the previous prior art rejections have been vacated.
2. The double patenting objection is removed. After further review, while the scope of claim 29 covers that of claim 35, claim 29 is narrower including the limitation, "setting an end of persistence of the peripheral device during the installing the peripheral device". Claims 29 and 35 are therefore not substantially duplicate.

### ***Allowable Subject Matter***

3. Claims 1-6, 9-16, 29,30 and 35 are allowed based on reasons previously stated in the Office Action entered on 10/12/2006.

### ***Conclusion***
